### STATERS TO GIVE SHOW SATURDAY IN MEN'S GYM

#### Sing Finals, Sorority Swim Meet Featured

Will you be there? The answer must be yes because you cannot afford to miss the biggest event of the year outside of the red probe. Ohio Staters Incorporated has gathered together the largest assembly of ideas available in this area to bring Ohio State and its student body their Carnival.

Like the tick of a watch, the various and sundry events to take place during the evening have been arranged by a corps of talented young students and faculty.

#### State-Wide-Sing

For several months various colleges in the State of Ohio have been selecting the outstanding fraternity group of each campus to take part in the sing finals to be held at the Carnival. Winner of the sing will be given a huge cup donated by Burr Paterson and Auld. The most beautiful of all fraternity songs with new and breath-taking arrangements will keep the listeners spell-bound throughout the contest.

In miniature we shall see a beautiful midway rivaling the New York World's Fair display. Fraternities have secured booths and are decorating row upon row of them in a colorful fashion. Pennies, nickels and dimes will flow in the course of the evening as couples slowly gather the prizes offered by the barkers.

Mingled with the sounds of the roar of sideshow barkers, will be the smell of the delicious roast pig sandwiches cooked by "Ox" Miller. Cokes, popcorn and even maybe a little sawdust will create the lovable atmosphere of the fat man and the snake lady. From the swirl of the crowd to the dance floor in the gymnasium, we find that each (Please turn to page 3)

### Poultron Winner In Gruelling Battle

Don (Knuckle-down) Poultron, Ex. '22, yesterday won three nickels on one of the pin ball games at Hennick's Blue Room. He had been trying since the installation of the machine two months ago, and is the first to win.

The student body will pay tribute to Poultron at the Spring Carnival by presenting him with a nickle plated watch fob. He will be made an honorary member of Sphinx, and Herb Hennick will give the presentation speech.

Poultron revealed that he will be quite overcome when the presentation was made. "Why, it wasn't nothing at all," he stated shyly. "Anybody could have did it. I had no idea this much fuss would be made. It was probably because I had the two-four six-seven-eight-twelve Spottem. I sootly am happy about the whole thing, only I wish they would refund the money it cost me to win. I am in the hole a dollar thirty-five."

### Board of Trustees Informally Offers Ormsby The Post

#### Former Campus Beauty Would Be First Woman University President In History

Miss Maudine Ormsby, '18, was leading the list of possible candidates for the presidency of Ohio State University in a surprise proposal by the board of trustees today. Several members of the board admitted today that Miss Ormsby has been under consideration since the homecoming dance of 1917, when she made her debut in a strapless formal dress.

Miss Ormsby stated this morning that "I have been approached by several members of the board separately, but I didn't say yes or I didn't say no."

Carlton S. Darkgosh, a member of the board of Trustees, refused to comment on the possibilities of Miss Ormsby when interviewed today. "I refused to comment," he stated, tossing the buck to Hub Baggyson, who missed the throw. Your reporter was called safe at third. Another reporter was interviewing Miss Ormsby, but died on first.

When Miss Ormsby was questioned as to the advances of the trustees, she coyly tucked her finger between her chin and smiled before replying. "I can not say exactly what will happen," she said. "I have received few opportunities more advancing, and I am in the dark as to what to do. You see this proposition is not official as yet, and has only been proffered by various individuals on the Board. Mr. Satan spent some little time at my home last night, but nothing very definite was done. Several other members of the Board have approached me, but only one at a time, oddly enough."

However, it is rumored that sources close to the Board probably reveal that five of the seven trustees are perhaps in favor of placing Miss Ormsby in the president's office. A goodly number of students also favor the move. John Fletcher Sissle, A-4 stated that, in his opinion, enrollment figures would probably leap, and an increased number of football players would make this campus their alma mater.

### President's Office Forbids Brewing

Acting President William McPierce announced today that he has given strict orders to the campus police to arrest anyone found picking dandelions on the campus.

"I realize," he stated, "that signs are pointing toward an early winter and the campus buildings will be cool but I'll be damned if I'll have the students making wine in the fraternity house cellars. If they want booze let 'em buy it, same as anybody else."

By PAUL MORON—Slattern Sports Editor.

Prospects for another great Ohio State football team are growing brighter day by day, after a series of brilliant trades pulled off by Coach Francis A. Schlitz.

The deal which promises to be of greatest benefit to the Buckeyes brings Joe Glutz, all-conference halfback from Minnesota in exchange for Boris Bordham, hard hitting back, two freshmen linemen, and \$23 cash.

The tackle situation may be greatly improved by the acquisition of Moe Bierstein, who starred last fall at Tenison University, in the Ohio Conference. Although lacking big league experience, Bier-

## :: Editorials ::

Due to unfortunate circumstances, the empire of Siam almost found itself without an Olympic team and empire. This was indeed a sad state of affairs. To think that the great empire across the sea would have been athleteless at the Olympics rocks the great principles of freedom and democracy. To make the matter worse, there were very few who even knew where Siam is on the map, or if they are on any map. But Bucket and Dipper has come to the rescue.

Huzzah! Bucket and Dipper, the champions of free speech and the principles of the Lantern, is sponsoring a team to represent this lost monarchy at the games. Bucket and Dipper will send a flock of choice athletes to bring back all the cups and things to Siam, if they can find the country and if Hitler hasn't annexed it by that time. Anyway, the expenses will be handled by the Siam end of the deal, and the athletes from this end. From the looks of the roster below, Siam will not only be athletes at game-time but also cashless. This is the team.

High Jump—Pussy Friedman—(Pole vault too!)

Field events—Jack Pierce.

Decathlon—Saul Mason.

Tennis—Packer, Gross, and Rutherford.

Corn Husking—Valley.

Diving and Swimming—George (the swan) Miller.

Bicycle Race—Beany Drake.

Broad Jump—Fred Stecker.

The coaching staff is as yet rather indefinite, but at present, it stacks up like Tanny Goodwin, Terry Arthur, and Doris Maxon. If there is any need for a cup-holder, the emperor of Siam has volunteered his services. The boys are just waiting for expenses.

We think this is a good idea. We think this is a colossal idea. We think this is a stupendous idea. But we're against it. Siam was asked to send a wild man for exhibit at the Ohio Stater's Carnival Saturday night. Siam refused. Why should we support them. To hell with it.

## MIRROR LAKE

PLOT TO BE  
AIRED SOON

The stink of Mirror Lake is not over. Two flat foots discovered a hidden cache of bombs, guns, knives and dynamite securely nesting under the sea of the Brown-ing amputator.

It was reported that the cops have been hiding in the bushes around the wooing grounds in an attempt to apprehend the anarchists. The fact that three members of the Sundial have been seen hanging around the spot was thought to be merely a coincidence. However, when Officer North smells a red he smells a red.

Scarlet Mask Play  
Delayed by Illness

"Again this month the Scarlet Mask Show has been cancelled," regretted Bobby (I break men) Folgunson, Phar-3, President of the Organization. He went on to say that Miss Janey Fooler, the female lead, has been suddenly stricken with an acute case of Athletes Armpits and will be "laid up" for some time.

Folgunson again emphatically denied that the postponement was another publicity stunt. "What's the use," Bobby cried as he fell out of Bill Gutrie's chair spilling red ink on the carpet.

## Reviewer

The annual spring review of the military department will be under surveillance of Dennis McC. J. Malley, pictured above, of the Columbus Chapter of the Amalgamated Finns of America.

"We are ready," shouted Colonel Otto Z. Brungell, of the Reserve Officer's Training Corps, on receiving the information. "People here on this Uniovisity can laugh at our Wednesday parades, but we are now prepared to stand against foreign invasion. We are ready! An ounce of Prevention gathers no moss!"

Karrapsky Backs  
Stater's Carnival

Leon G. Karrapsky, Soc-2, president of the Communist Club, announced today that his organization would support the Spring Carnival by occupying a booth.

"We vill having a boot," he stated proudly. "We vill having a boot" vill flags. Comrade Stalin contributed sex boxes propaganda and we vill geeve away free newspapers een Rooshian. Notting is good enough for de poopils. We vill also having a dart game to throw spears at Hitler pictures and a box for contributions financially. Share de Valt!"

Chairman Becker of the Carnival Committee indicated that the Communist Club would be given the bomb's rush.

## Re-Married

Pictured above are Mr. and Mrs. Stick Breaker who were married today in a double ring ceremony in University Hall Chapel. Dr. G. I. Breakharts, prominent lecturer on love and local pastor, performed the ceremony.

Mr. and Mrs. Breaker were previously married at Lowbrow, Ky., but a hitch developed when Mr. Breaker was charged with bigamy because he was the alleged common-law husband of a prominent Sappa who refused to reveal her name.

This was straightened out yesterday when the Sappa cut all her classes and ran away with another guy. The Lantern reported yesterday that Breaker bribed the other guy to run away with the Sappa, but this could not be confirmed today. (Editor's Note—The Lantern is always wrong.)

Nevertheless Mr. and Mrs. Breaker decided to have the ceremony performed again just to be sure everything was on the up and up and to avoid a scandal.

Mrs. Breaker has promised to do a strip tease act at the Ohio Stater's Carnival Saturday night in the Men's Gymnasium, but Mr. Breaker has threatened to run away to the Sappa if she does. People are urged to attend the Carnival to see what happens. Freddie Stucker, head of the Home Economics Charm School and prominent beauty analyst, seeing a picture of Mrs. Breaker today remarked:

"I hope Breaker doesn't have to run away to the Sappa on account of Mrs. Breaker's act. If she does it, everybody may run away from the Carnival."

Pines Announces  
Mortar Board Bar

Coily sipping a boiler-maker, Mrs. Mary Jane Pines (For You!) eminent Phi Beta and Mortar Board prexy, admitted late today that her organization will provide the set-ups for CARNIVAL goes on May 20th.

"We have a license—and we intend to use it!" Miss Pines continued. "... we gotta get money to pay our share of the Senior Prom debt somehow!"

Mary Jane was unable to continue—at this point, having fallen from her chair mumbling something about Medical school and music with a shuffle.

MUSICIAN MAKES  
MISTAKE

Will the person who parked black Bantam coupe near the bandstand at Mirror lake last Wednesday for the band concert, please return the French horn he will find in his back seat. One of the instrumentalists thought the car was his horn-case.

Aunt Esther's Advice  
To the Lovelorn

Dear Aunt Esther:

There are several points on which I need elaboration. I am a young senior girl, and considered purty in some quarters, though would never say so myself, being modest. Several nice young men have asked me for dates lately seeing as how the big SPRING CARNIVAL (plug) is just around the corner, and I would like to go.

However, I feel that I do not know enough about Life and Things to go without some expert advice. Seeing as how I am so young and innocent and as how you are so worldly-wise, I thought I should write and ask your advice. Besides, they tell me you was quite a heller in your time. My godness, what shall I do?

Worried,

TANNY GOODY.

Dear TANNY GOODY:

It is evident, on reading your letter, that you are in somewhat of a quandary. And small wonder. Many a girl in less trying situation than yours, has come running to old Aunt Esther in my office here in Bumming Hall for advice. I want to help you, too.

In the first place, as I tell all the freshmen girls who sit on my knee during freshman week, never go out with a Man without at least two (2) married couples as chaperones. If it is at all possible, have your young Man sit in the front seat of the car and you sit in the back. If this is impossible, and you find it necessary to sit on the Man's lap, be very careful to spread a newspaper on the lap before doing so. It might be wise to secure a Sunday edition of the New York Times and conceal it in your bosom sometime prior to the date. A Sunday Star may be used if you throw away the outside and center sections. On second thought, throw Flash Gordon away too.

Second, do not drink nothing on the date. Wet red lips always entice young Men. Old ones, too. If you do drink, drink nothing but water or beer out of paper cups. For any other information, read my weekly column in the YWCA handbook. Remember, men are a bunch of carnal louses who are after your virtue.

Aunt (I was married once) Esther.

Dear Aunt Esther:

Please disregard my communication of April 13. It's too late now. RICHARD BAKER.

## Races Again

Miss Ondraft retired from competition in May of this year, saying, "I have been bored because I am always winning beauty contests. I shall withdraw until there is some competition."

Agnes M. Ondraft, Vet-Med 6, announced today that she would come out of retirement and again enter beauty competition. Her first entry will be in the race for Queen of the Marxist Club Bomb Prom.

Jimmy O'Boil Burp, publicity director of the Marxist Club, announced that the winner would be chosen by Joe Sregob, noted Sundial hieroglyphist.

Organizations wishing to enter a candidate should tear the tops off of three sorority houses or a reasonable facsimile thereof and send them in with a picture of the pig.

## BEER BRAWL

Despite frequent visits by the assistant dean of men Sted Freckler, Zeta Beta Tau lost social, rushing and all privileges for next year by throwing one of the wildest beer brawls of the social season, Thursday night.

The Dirty Rat

(Continued from last issue.)

He chased her around the room. "Stop, you cad!" Winifred screamed. "Oh, why didn't I listen to Mother and stay home instead of running away when she called me to do the dishes?"

He chased her around the room again. "Ha, me proud beauty!" Reginald Glynn stroked his mustache with a slinky, luxurious motion. "Ye're in me power, ha, ha."

Same race, third lap. "Oh, woe is me. My honor is endangered. Oh, woe is me."

Reginald smiled to himself. He knew that the next door neighbors couldn't hear her—he'd shot them himself.

He chased her around the room again. But she was weakening—He caught her.

The rhythm makers of Earl Hood are scheduled to provide entertainment for those couples tired of the slam-bang hustle and bustle of the merry-makers.

To prove that the entire facilities of the gymnasium have been at the disposal, the Inter-city swimming meet is scheduled to take place in the Natatorium. Besides giving spectators the thrill of a lifetime, those two stardiving stars, Al Patnik and Bud Cleveland have consented to entertain with a diving exhibition, the benefit of those fans who have failed to see them perform. Throughout the course of the

evening campus personalities will be featured in five minute broadcasts over the public address system. Vernon Gilmore that gossip-scandal and gossip on the Ohio State Campus. None will be spared in this illuminating broadcast.

### Don't Miss It

It is not possible to tell of the colossal, stupendous and gigantic show we have coming shortly to the Ohio State campus. With the warm and sultry days of May here, we will find that each and every one of you won't study too hard. With Ackerman's so close and everyone feeling that way the urge to get away from it all is hard to fight off. Why try? It will be a very short walk to the Men's

Gymnasium on May 20, to behold the wonders of the world, created by the masters of sing, swing and sway.

You will never behold another pageant as colorful and entertaining as the Carnival. The price is too low. Maybe we should raise the general admission but we may make up our minds too late so take advantage of opportunity and get your tickets now. Only 25c apiece will cover the toll at the gate.

### Correction!

Eugene Wiggle, previously announced as song leader for the SPRING CARNIVAL will be unable to lead songs as he is suffering from a severe head cold and sore throat. Mr. Wiggle stated that he received the cold somewhere around Indianola and Fifteenth Avenues, where he was standing in the rain shooting beaver. The committee on song leaders hesitates to announce that they will again be forced to use Clancy Isaac, (Vet-Med-7).

## Former Sing Sing Business Manager To Fleece Campus

Arthur P. Cracksafe was elected by the Board of Publications to hold down the Business Manager's job on the Makio for the fiscal year 1939-40, it was revealed today by Jimmy Dullard, chairman of the Board.

In citing the previous qualifications of Cracksafe, Mr. Dullard revealed that he worked as Business Manager for

the Sing Sing Free Press two years until his services were lost through a parole.

When asked about his plans, Cracksafe replied that he was too overjoyed with the prospects of the job to give the details any serious thought at the present time.

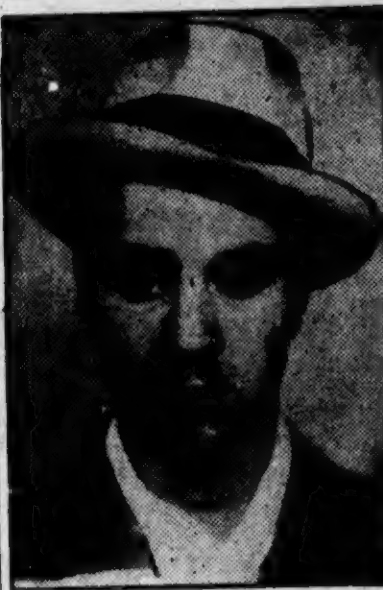

"I'm gonna do plenty—see? Why Rutherford was a tin-horn cheap-skate—he only used the expense account for beers at Ackerman's. I'm gonna get me a ten-room house with solitary cells in the basement for Freshmen. If I don't have a car by the end of the year, my name won't be Arthur P. Cracksafe."

Chairman Dullard revealed that he expressed much satisfaction at the crooked election railroading Cracksafe through the Board. "That Boy has plenty of guts to come this far. May hair grow on my bald head if he doesn't execute the job better than any crook we have elected in the last ten years."

Dean of Women, Easter Ellen Goo, was somewhat offended when Cracksafe appeared before the board without a shave. The lucky candidate explained his unkempt had just come out of a three-day drunk.

Elections for the editor's job will come off as soon as some lug turns up.

This is Arthur P. Cracksafe, former Sing Sing inmate and now Business Manager of the Makio.

### FUN DIAL SELLS BIG GORE ISSUE

With a big crew of "scoopers" it work the Fun Dial succeeded in publishing another gory issue in the recent past. Bodies of several students were unearthed in the ether regions of Hennicks, and the Administration building but the inquiring reporters were unable to identify them. Their fee cards had been mutilated beyond recognition.

One very unlucky student found an ear in a bowl of soup served in a nearby campus restaurant and it was believed one of the FunDial reporters had been playing practical jokes on the student body.

Rumor has it that the author of the recent "Blood, Guts and Gore" published in a back issue of the FunDial was called to Cleveland to undergo questioning in regard to the butcher killings of "Kingsbury Run." Authorities believed the writer's style to be the same as the killer's and have entertained the thought that he may be linked to the "headless parade of dead-men."

### Back Stage Blatter By DULL PACOBS

I just came back from the new stage show "Noah's Ark" starring Noah, His Ark, and five hundred and fifty-five pairs of animals. I am now going to put on my rain-coat as the show left me all wet. It stunk. There was entirely too much Metro-Golden-Mayer in it. Who could believe, it would rain for forty days and forty nights? Who could believe the earth was ever flooded entirely? I ask you who could? I don't. Even if the Bible says so, I still don't. Does

the Bible know more than a Dramatic Critics? No.

Furthermore Noah wore a beard. Beards are out of style. He should have shaved before the show. Such miscasting was evident throughout the entire spectacle, which at all times was boring. The jokes were too old. Why Adam probably fell out of his cradle in the Garden of Eden laughing at them. Gee that was funny, ha, ha, ha.

You know I must be an awful smart critic. I sure am. There isn't anything on the earth I don't know. Ask me. I wish I could have been there to see that first big show, "The Creation." I sure would have made it look like a Penny Arcade instead of a super-colossal spectacle. You know I ought to be an actor, or producer or sumpen. Why couldn't I just give a monologue?

Oh! yes, back to the review. The snake was good.

### Senior Prom Will Be Hot

According to Gustave Ferguson, Ag-4, the Senior Prom is going to be plenty hot. Featured in a recent press release was a story about the Decorations Committee serving canned heat at the door to keep the atmosphere torrid.

As an added attraction, cottage cheese and goose liver sandwiches will be served to all guests at the first intermission.

### How To Milk A Cow

Now boys and girls, uncle Ezra is going to let you in on the facts of life. You may think milk comes from a bottle but it doesn't. Milk is a secretion of the mammary gland of a cow. Do you know how a cow makes milk. Look it up in the encyclopedia then. Do you know how a man gets milk from a cow? You don't. Well there are a few little (censored by the Board of Overlookers).

## Big Deal Brightens Scarlet Chances For Winning Team

(Continued from page 1)

Due to the intense heat which usually prevails in Columbus dur-

ing the month of September, Coach Schlitz has decided to take his squad to Alaska for summer training.

Wynn A. St. Bernard, general manager of the Bucks, announced

today that holdout difficulties were practically solved by the signing of Don (Half) Schott, temperamental quarterback.

A compromise was reached when Schott agreed to give up dates on Friday nights before games, and the club agreed to raise his salary to \$8.50 a week, and free hot dogs between halves. Also, he gets number 567849 on his uniform, since he holds a sentimental attachment for this number, as he wore it while playing for San Quentin in 1931.

## Artists Pick Co-ed For Personality

Last night in University Hall a group of prominent commercial artists selected the 1939 Karnival Kween. The six girls who were the final candidates were selected on five points, namely, eyes, lips, hair, teeth and personality.

Miss Bellows was the choice for the loveliest eyes. Her eyes are part blue and part brown, one of each.

Miss Bittz was chosen as the possessor of the loveliest teeth. Miss Bittz later admitted that her teeth were purchased at Dr. Ralph H. Borigowitz's Emporium.
